

Dear CCS 2020 Grant Chairs,

This letter is to confirm that Shuofei Zhu, the student I am advising, is in good academic standing.

Shuofei published two first-author papers this year. His paper *Measuring and Modeling the Label Dynamics of Online Anti-Malware Engines* was accepted and presented on USENIX Security 2020. In CCS 2020, he will present the paper *Demo: Benchmarking Label Dynamics of VirusTotal Engines*. All papers are related to software security. Therefore, I think he is in good academic standing.

Thank you!  
Linhai Song

A handwritten signature in blue ink that reads "Linhai Song". The signature is written in a cursive, flowing style.
